

Neuropsychological Evaluations for Adult Clients

October 25, 2019 | 10:00 – 11:30 AM

*Hosted by: The Arc of Lehigh and Northampton Counties
2289 Avenue A, Bethlehem PA*

GUEST PRESENTER: Dr. Renee Cantwell, EdD
****Founder of Easton Neuropsychology and Behavioral Services, LLC***

Neuropsychology explores the complex relationship between the brain and behavior. A neuropsychological evaluation is multi-faceted. It can take several hours to complete. The goal is to assess how one's brain functions & to determine what is interfering with effective functioning. A neuropsychological evaluation is especially helpful when the issues concern working, competency, guardianship, or disabilities such as autism, intellectual disability, ADHD, learning disorders, dementia, and traumatic brain injury. Please register if you wish to learn more about this type of evaluation!

This is a FREE event! Please register online at:
<https://www.arcofhighnorthampton.org/events>

****Seating is limited, so early registration is recommended!*** Certificates of attendance are available for professionals who attend.

Questions? Please contact Ramona Neidig at rneidig@arcofhighnorthampton.org or 610-849-8076 ext. 325.

About the Presenter:

Dr. Renee Cantwell is a licensed psychologist and clinical neuropsychologist. She specializes in evaluating and treating adults and older adults with a variety of cognitive issues, particularly memory and attention. Dr. Cantwell has performed both neuropsychological and psychological services in hospitals, retirement communities, rehabilitation units, and outpatient locations.

Easton Neuropsychology and Behavioral Services is located in Nazareth on 299 Industrial Drive. The facility offers cognitive evaluations and provides treatment for mood and behavior disorders.
