*Hosted by the Arc of Lehigh & Northampton Counties

Do you receive Medicaid in Lehigh and Northampton Counties? Do you have a child, adolescent, or adult family member who does? Do you have clients on Medicaid? If so, you know that there are several managed care plans for physical health care. However, Magellan is the only managed care plan that covers mental health, also referred to as behavioral health.

Mental health is every bit as important as physical health! May is National Mental Health Month. Please join us to learn more about Magellan's roles, services, and their scope/ limitations of service. Time is allowed for Q&A, and light refreshments will be provided.
